PRESS RELEASE

National Reserve Bank of Tonga

Prudential Statement 4: Disclosure of Interest Rates and Fees and Charges

The Governor of the National Reserve Bank of Tonga, Mrs Siosi Mafi held her bi-annual meeting with the General Managers of banks on 10 July 2007 to discuss the latest monetary and financial indicators, and their implications for the Reserve Bank's monetary and bank supervision policies.

It was agreed that the proposed Reserve Bank policy on disclosure be formally issued to licenced financial institutions as the Reserve Bank's Prudential Statement No. 4 on Disclosure of Interest Rates and Fees and Charges. This prudential statement is issued as part of the Reserve Bank's function to promote a sound financial structure. This prudential statement requires a licenced financial institution to publicly disclose the interest rates and fees and charges relating to its products and services.

The Reserve Bank is of the firm view that this new requirement will improve the understanding and awareness of the members of the public about the financial services and products provided by licenced financial institutions. The general public should be clearly informed of the interest rates and fees and charges and this will enable them to compare between various services/products and providers. This in turn fosters competition and market discipline.

This prudential statement sets out the Reserve Bank's requirements with regard to the form and content of the disclosure of interest rates and fees and charges for licenced financial institutions in Tonga, and will become effective on 2 August 2007. The Statement was developed by the Reserve Bank after extensive consultation with the licenced financial institutions. On the effective date of this Statement, all licenced financial institutions would have brochures on all their interest rates and fees and charges displayed in their business locations available for the public.

Governor Mafi concluded that licenced financial institutions are also now required to notify its customers 30 days in advance of any proposed change to existing interest rates; any change in fees and charges and or imposition of any new fees and charges prior to charging its customers.

PRESS RELEASE

National Reserve Bank of Tonga: Credit Ceilings

The National Reserve Bank of Tonga is concerned that there is some confusion amongst the public regarding the suspension of credit ceilings on lending to the private sector.

The National Reserve Bank of Tonga, wishes to further advise the public that credit ceilings were removed in February 2007 to allow banks to consider lending for the recovery of those who were affected by the civil disorder in November 2006. Therefore, there is **NO LIMIT** to bank lending mandated by the National Reserve Bank of Tonga.

Despite the suspension of the credit ceilings, the Reserve Bank expects that banks will continue to lend prudently, consistent with their own internal credit guidelines. The Bank will continue to closely monitor the growth in lending to ensure the promotion of a sound financial system and macroeconomic stability.

PRESS RELEASE

National Reserve Bank of Tonga: There is Adequate Liquidity in the Banking System

The National Reserve Bank of Tonga wishes to clarify misunderstanding regarding the amount of liquidity available in the domestic banking system.

Banking system liquidity is at a comfortably high level of \$26.9 million as at the end of 30 August 2007 and it is in line with the Reserve Bank's eased monetary policy stance announced in March 2007. The monthly average liquidity since December 2006 up to 30 August 2007 was \$15.9 million.

In February 2007, the Reserve Bank removed the credit ceilings imposed on the banks to allow banks to consider lending for the recovery of those who were affected by the event of 16 November 2006. In addition, the Reserve Bank reduced the required reserves requirement effective in April 2007 to inject liquidity into the banking system.

The Reserve Bank wishes to assure the public that the Reserve Bank will ensure that there is sufficient liquidity in the banking system to assist borrowers during this reconstruction period.

The Governor, Mrs Siosi Mafi reiterated that the Reserve Bank will continue to closely monitor developments in the banking system in order to promote external and financial system stability to ensure that confidence in the financial system is enhanced.

Notes to Statistical Tables

Financial years end in June.

Tables A1 - C2, Pages S1 - S18

Monetary data are adjusted to incorporate revisions received from the domestic banking system.

Tables A1 - B7, Pages S1 - S16

Monetary data in these tables had been revised back to 1996 in July 2003.

Table A1 - Pages S1 - S2

1. Comprises consolidated balance sheet of the NRBT and the commercial banks.
2. This includes the holdings of the Reserve Bank and the commercial banks.
3. Non-monetary financial institutions (NMFI) are those which do not combine the taking of deposits with the extension of credit.

Table A2 - Pages S3 - S4

1. Comprises the consolidated balance sheet of the NRBT, commercial banks and the NMFI.
2. These data may differ slightly from the comparable data shown on Statistical Table S2 because of savings deposit holdings of the NMFI in the two Niuas.
3. Comprises bills and promissory notes issued by financial sector and held outside that sector.
4. Represents borrowing by Government from foreign sources for onlending to NMFIs

Table A3 - Page S5

1. Non-Financial Public Enterprises.
2. Non-Monetary Financial Institutions.

Table A4 - Page S6

1. Includes pre-decimal issues and a minor value of 50 seniti notes.
2. Includes pre-decimal issues and a minor value of \$1 and \$2 coins.

Table B1 - Pages S7 - S8

1. In March 1993, NRBT introduced a Required Reserve deposit for commercial banks. This was revised in December 1995, in September 1998, and in September 2000.
2. In April 1993, NRBT replaced Term Deposits of commercial banks with NRBT Notes.

Table B2 - Pages S9 - S10

1. These data sometimes differ slightly from the comparable data shown on Statistical Table S15.

Table B3 - Pages S11 - S12

1. These data sometimes differ slightly from the comparable data shown on Statistical Table S16.
2. Direct borrowing by NMFI from foreign sources. Some exchange risk is assumed by Government.
3. Represents borrowing by Government from foreign sources for onlending to NMFI. Exchange risk is carried by Government.

Table B5 - Page S14

1. Data exclude deposits held by the Government.

Table B6 - Page S15

1. Includes lending to the manufacturing, transport and communications, commerce and trade, construction, and services sectors.
2. Includes nonprofit bodies.

Table B7 - Page S16

1. Non-Financial Public Entities.
2. Includes lending to the manufacturing, transport, and communications, commerce and trade, construction, and services sectors.

Table C1 - Page S17

1. Interest rates listed are those available to general customers & to statutory boards.
2. This reflects average commercial bank published interest rates paid for savings deposits and for 3 to 48 month term deposits, weighted according to the amounts in these categories.

Table C2 - Page S18

1. Base rate is the lowest rate charged. Prior to the December quarter 1992, this was the preferential rate. This is the average minimum prime rate published by the commercial banks.
2. This refers to the average minimum rate published by the commercial banks on their residential housing loans.
3. Apply to loans for export-oriented industries, manufacturing & raw materials processing, and tourism activities except restaurants.
4. This is the maximum rate published by the NMFI on their business loans.
5. Loans less than \$1,000 for activity in agriculture, fisheries and livestock.

Table C3 - Page S19

1. Short Term: Three months Treasury Bills except for Japan, Private Bill Rate.
2. Government Bonds: Ten year Government Bonds

Table D1 - Page S20

1. End-period, minimum retail price per litre of petrol sold by major distributors in Nuku'alofa, including sales tax.

Table D2 - Page S21

1. Data reflect the recorded values of Tongan agricultural products sold in Talamahu Market, the largest market in the Kingdom. The quality of these data, particularly in earlier periods, is suspect and should be used with care. In addition, as it is likely that this market is covering a declining share of the total trade in these products, longer-term trends should be interpreted with care.
2. Comprising kape, cassava, taro, yams, sweet potatoes and mixed foods.

Table D2 - D4, Page S21 - S23

These data had been revised back to December 2000 in March 2001 to incorporate minor adjustment of data.
